ON-THE-FLY TWO BUTTON CONTROL

DRACONEM RGB CLOTH EDITION | BRING COLOR TO LIFE

With two dedicated control buttons, you can easily change lighting effects or adjust brightness levels of the DRACONEM RGB on-the-fly without having to rely on the use of software.

DRACONENIRGB CLOTH EDITION MOUSE PAB

The DRACONEM RGB comes packed with 4 striking visual illumination effects (Static, Pulse, Wave & Spectrum Running) and 5 brightness levels to suit your preference. Engineered using the highest quality of components, the DRACONEM RGB provides purer, more accurate color illumination. Personalize and color your mouse pad the way you want.

16.8 MILLION RGB COLOR ILLUMINATION
